Creating a New Bound Object - Converting From CRTBNDPGM to CRTPGM

From Green Screen – Object Manager

1. Compile your modules and any new service programs

2. Select option B next to ILEPGM

3. The first screen shows you the bound modules. Add your new modules here

4. Press F8 to see the service programs

5. Add any new service programs

6. Select option 8 to create the ILEPGM
